DETAILED ACTION

The reply filed 1/20/12 consists of double spacing claims, however in the process of transmitting the amended claims the bottom of each scanned page of claims was cut off, last lines of claim 3 and claim 6 were cut off.

Specification

In the specification submitted on 10/7/11, page 1 and page 2 were cut off during their scanning.

Drawings

New corrected drawings in compliance with 37 CFR 1.121(d) are required in this application because drawing line quality is not acceptable and the function boxes should be labeled with their functional names. Applicant is advised to employ the services of a competent patent draftsman outside the Office, as the U.S. Patent and Trademark Office no longer prepares new drawings. The corrected drawings are required in reply to the Office action to avoid abandonment of the application. The requirement for corrected drawings will not be held in abeyance.
